

The 2005 Saturn ION Sedan And Quad Coupe

The ION•3 sedan shown in Storm Grey.

The ION® seamlessly blurs the line between practicality and play. Both the sedan and quad coupe come with a lively 2.2-liter, 16-valve, 140-hp Ecotec™ engine and a newly re-styled interior on the ION•2 and ION•3. The quad coupe even comes with dual rear access doors and a fold-flat front passenger seat, so fun and function are no longer mutually exclusive. See more at saturn.com.

(ION•2)

16" Standard Alloy
(ION•3)

Available leather-wrapped steering wheel

Dual rear access doors on the quad coupe

Vehicle Exchange Program

Within the first 30 days or 1,500 miles of delivery, whichever comes first, the original purchaser may exchange his or her Saturn vehicle if not completely satisfied. In the event that an owner returns his or her vehicle, he or she will exchange it for another new 2005 Saturn vehicle. See retailer for limitations and restrictions. All the same factory-supported initiatives will be included on the exchange vehicle that were in the original vehicle. The vehicle must be returned in the condition in which it was delivered, without damage or excessive wear and tear. If non-warranty repairs equal to or greater than \$300 have been performed or are necessary, the vehicle is not eligible to be returned. If less than \$300, the damage must be repaired or the estimate deducted from the credit toward the exchange vehicle.

Warranty

This warranty is for GM vehicles registered in the USA. See your Saturn retailer for terms and conditions. Covered for 3 years/36,000 miles whichever comes first: the complete vehicle, tires, towing to your nearest Saturn retailer, cosmetic corrosion resulting from defects, repairs made to correct any vehicle defect, no charge for most warranty repairs. Covered for 6 years/100,000 miles whichever comes first: rust-through corrosion.

¹Cargo and load capacity limited by weight and distribution. ²Head Curtain Side Air Bags are designed to help reduce the risk of head and neck injuries to front and rear seat occupants on the rear side of certain side impact collisions. Always use safety belts and proper child restraints, even with air bags. Children are safer when properly secured in a rear seat. See the Owner's Handbook for more safety information. ³Not available on quad coupe. ⁴Not available on sedan. ⁵Not available ION•1. ⁶Not available on sedan. ©2004 Saturn Corporation.
