

2007 SATURN SKY

What does it mean to build the modern roadster? At Saturn, it means wrapping a striking silhouette around an uncommonly refined cockpit — without yielding an inch of primal top-down exhilaration. The Saturn SKY is engineered to hug the road tenaciously with its wide stance, while its firm-but-forgiving suspension and specially tuned Bilstein shocks ensure that you feel more of the road's bends and less of its bumps. With pedals set for intuitive heel-toe driving, power comes easily at the apex of every turn. For that, thank the 177-horsepower 2.4 Liter engine enlivened by Dual Variable Valve Timing. Welcome to the world according to the Saturn SKY.

Saturn SKY shown in Silver Pearl.

MODEL	
SKY	
ESTIMATED FUEL ECONOMY IN MPG ¹	CITY/HIGHWAY
Manual	20/28
Automatic	22/26
