

## 2008 Saturn VUE Green Line Hybrid

**Rethink the grass is always greener.** The VUE Green Line Hybrid uses smart, simple hybrid technology. The engine stops when you stop, the hybrid system boosts power when you accelerate and charges when you decelerate or drive at cruising speeds. But, of course, its most striking feature is its affordability — giving you the opportunity to drive in the right direction. Limited availability. To get a better look, visit [saturn.com](http://saturn.com).

MODEL	
VUE Green Line Hybrid

Highway emergency kit	Rear cargo tray
License plate frame	

<sup>1</sup> Cargo and load capacity limited by weight and distribution. <sup>2</sup> Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your Saturn retailer for additional details. <sup>3</sup> Requires available Comfort and Convenience Package. <sup>4</sup> Always use safety belts and the correct child restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active air bag. See the Owner's Manual and child safety seat instructions for more safety information. <sup>5</sup> Call 1-888-4ONSTAR (1-888-466-7827) or visit onstar.com for system limitations and details. <sup>6</sup> RDS functions only where stations broadcast RDS information. <sup>7</sup> Available only in the 48 contiguous United States. Required \$12.95 monthly subscription sold separately after three trial months. All fees and programming subject to change. Subscription subject to customer agreement. For more information, visit gm.xmradio.com.
