

## Rethink expectations. The VUE Hybrid.

The VUE Hybrid offers the highest highway fuel economy of any compact crossover<sup>1</sup> and a 5-star crash safety rating<sup>2</sup>. This unique hybrid system mates an electric motor/generator to the 172-hp 2.4 Liter four-cylinder engine with a modified automatic transmission. The VUE Hybrid has low-rolling-resistance tires, a rear spoiler and a ride height lowered by one inch. It's hybrid technology without sacrificing style, safety or dynamic performance.
